

Synapsis-SNSF-Professorship in basic or clinical Alzheimer research

Submission Deadline: 1st May 2017

The *Synapsis Foundation - Alzheimer Research Switzerland ARS* intends to fund an Assistant Professorship in basic or clinical Alzheimer research. The evaluation process and administration of the grant will be managed by the Swiss National Science Foundation (SNSF) based on their rules and regulations for SNSF professorships.

The non-tenured Assistant Professorship position should be devoted to a “from bed to bench” innovative and independent research, performed in a Swiss University.

Research Focus

- Independent and original “from bed to bench” research project providing additional knowhow and perspectives to the host institution.
- The foundation would especially welcome projects aiming at innovative new early diagnostic approaches and the development of novel therapies.
- Research contributing to strengthening the network and synergies among Swiss Memory clinics is highly encouraged.

Requirements

- Degree in medicine or neurosciences
- 2-9 years independent research
- International research experience
- A commitment of a host University (with guaranteed clinical work load of not more than 20%, possibilities to teach and of career development)

Grant period

- 4 years (max. extension 2 years)
- The grant covers the salary of the assistant professorship position, as well as other costs according to the regulations of the SNSF

Application Procedure

Please follow the application procedure of the SNSF: <http://www.snf.ch/en/funding/careers/snf-professorships/Pages/default.aspx>.

Call 2017 will be open starting from February 2017.

Submission Deadline: 1st of May, 2017

Contact

If you have questions regarding the application and/or the submission process, please contact the SNSF: snfprof@snf.ch.

Please note: As the host institution will need some time to examine whether it may accept you as a guest, make the corresponding contact as soon as possible.
